Oath/Declaration

1. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth in this communication. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner. The OATH filed on 05/23/2011 to correct the issue raised (EX PARTE QUAYLE, 03/21/11) relating to the missing page 2 which listed the third inventor in the previous OATH filed on 09/23/07 is herein acknowledged. However, in correcting this issue, the OATH filed on 05/23/2011 contains an error in the second Foreign Priority Document Application Number filed in Japan, i.e., Application Number 2005-136846 should read 2005-136847, which was corrected in the OATH filed on 09/23/07. Further, the OATH of 05/23/11 which lists the PCT Application No. as PCT/JP2005/009083 is incorrect. The correct identifying number for the PCT Application is PCT/JP2005/009084, which is correctly listed in the OATH of 09/23/07.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Art Unit: 1762

IN THE ABSTRACT

In the Abstract, pages 7 and 8 (10/28/2009), lines 1-9 have been deleted in their entirety.

"An eye lens material preventing protein adsorption is manufactured by reacting in a reaction medium of either water, an organic solvent, or a water/organic solvent mixture an eye lens material having OH groups with a phosphorylcholine group-containing compound of formula (1), thereby forming an acetal bond according to formula (2) which covalently bonds the phosphorylcholine group-containing compound to a surface of the eye lens material.

(1)

(2) n denotes a natural number 1-18. " has been inserted in its stead.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The instantly claimed invention is deemed allowable over the prior art of record as per said art neither anticipating nor rendering obvious the precisely defined method of manufacturing an eye lens material (claims 1-5) and a method of preventing protein adsorption on an eye lens material containing OH groups (claim 8). One having ordinary skill in the art would not have been endowed with any reasonable motivation to extrapolate, from any of the prior art of record,

Art Unit: 1762

the precisely defined method of manufacturing an eye lens material (claims 1-5) and a method of preventing protein adsorption on an eye lens material (claim 8) with any reasonable expectation of success. Specifically, none of the prior art of record teaches treating a surface of a contact lens having OH groups with a phosphorylcholine group-containing compound of formula (1) thereby forming an acetal bond according to the compound of formula (2) so as to covalently bond the phosphorylcholine group-containing compound to the eye lens material, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARIE REDDICK whose telephone number is (571)272-5816. The examiner can normally be reached on Mon. - Fri. 7:30 am to 4:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, WU DAVID can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
